FRUIT TREE STOCKS-IMPORTED-FRENCH GROWN

Our imported French Stocks come direct from the best growers. Unless otherwise agreed prices are net and for shipment from Shenandoah. All stocks are carefully examined by Government Inspector and are carefully regraded on arrival. By our method of handling, customers can depend on getting stocks of best quality without the risk of importing direct.

DECIDUOUS TREES

Our Shade and Ornamental trees are first-class, well-shaped, young and vigorous nursery grown trees, with good roots. They have been grown from seedlings transplanted in nursery row especially for this purpose.

All calipers taken six inches above the collar.

PERENNIAL AND HARDY ALPINE PLANTS

Our Perennials need no introduction to many nurserymen in the Middle West, but you who have never handled Perennials in quantity need have no fear when buying from us. This is not an experimental proposition with us. We are pioneers in the Perennial business, know how to grow these plants, dig and pack them. We are very particular from whom we buy our seed and stock plants and go to the best seed and plantsmen in Europe for our supply when necessary.

We consider PROPER PACKING a big factor in success or failure of Perennials. We have one of the largest box factories in the United States making boxes according to our specifications, and by using plenty of packing fiber made for this purpose we can safely guarantee plants to arrive in first class condition.

Varieties * indicates adaptability for rock plants.

Color indicates bloom; Month, period of blooming season. (") Inches high when in bloom. (') Feet high when in bloom.

when in bloom. () reet high when in bloom.

Go Via Shenandoah!

The Nursery Center of the Mid-West

On your way to the National Convention in Denver arrange to stop over in Shenandoah, on Saturday, June 16th.

Not only will this give you a pleasant "break" in your trip, but you will enjoy an interesting and profitable day as guests of the Nursery and Seed firms of Shenandoah.

A Special Train from Chicago

The Burlington Route will provide a special Pullman train with diner. This train will leave Chicago Friday, June 15th at about 6:15 P. M., arriving in Shenandoah at 8:30 Saturday morning. Two special Pullman cars will start from St. Louis. Kansas City nurserymen will have a special car from that point.

Plenty of Entertainment

The program for the day allows ample time for a visit to the Mount Arbor Nurseries and the Radio Broadcasting Stations, K.M.A. and K.F.N.F., as well as the other local Nursery and Seed establishments. Arrangements will be made for speeches by visitors over both K.M.A. and K.F.N.F.

Lunch will be served at noon and a good orchestra will provide music for dancing.

Your Convention Trip will not be Complete Without a Day in Shenandoah—Plan Now.

MOUNT ARBOR NURSERIES

E. S. Welch, President
